Anatomy of Error, Henry Brandon
(Boston: Gambit, 1969)

P. 30

"... by the end of 1962 in a conversation [JFK] with Roswell Gilpatrick, he talked in a restless and impatient way about how the U.S. had been sucked into Vietnam little by little. ..."

By the autumn of 1963 he seemed sick of it ... He began talking about the need to reduce forces in Europe and extricate the U.S. from S.E. Asia. Just before his death he gave Mike Forrestal (security affairs staff) "100-1 that the U.S. could not win. [in Vietnam]."
